## SCOTTISH SPORT

(From Our Own Correspondent.)

RUNNER, March 7.  
SCOTTISH LEAGUE v. ENGLISH LEAGUE.  
The Association football match between  
the Scottish and English Leagues at Ibrox  
Park, Glasgow, ended in a draw of one  
goal each. Two bad games often provide  
a good view and two bad games may serve  
up a good game, without going so far as to  
rate the two players as bad, it may be said  
that they were not good. In these days  
when famine prices are paid for players,  
something better than mediocrity should  
have come from the chosen of the longest-  
pursed clubs of the United Kingdom.  
But it did not. In its place there was  
an abundance of energy, much keen-  
ness, but little football. An English  
critic, in summing up his country's  
football, declares that it has no players.  
If the English eleven at Ibrox is the best  
the League can do, he is undoubtedly  
correct. The forward line, of which so  
much was expected, was incompetent,  
Bache being a bright exception, in fact the  
soundest forward on the field. Roberts  
was magnificent at centre half, worth all  
the others of the back division put  
together, and Dawson and Pennington  
may come in for a share of praise. Taking  
both sides together, however, they played  
under-form. Scotland, it is true, for  
the whole of the first half and a good part  
of the second, were far superior, but this  
was due more to the weakness of the op-  
position than to any particular merits of  
their own. McNair made a sad breach in  
his reputation, and Walker shone only at  
free kicking. Bainbridge played creditably  
in defence, more so than anything more.  
Young did well until early handicapped by  
the man behind him; but Hay vied with  
Roberts at half, the Celtic captain charming  
even his hostile critics. The mistaken  
methods of the forwards, who endeavoured  
to play a close game, lost the International  
for the Scots.

## THE LEAGUE.

Few League matches were played, and  
only one result was of importance, the  
victory of Aberdeen over Greenock Morton.  
This brings Aberdeen equal to Rangers in  
the Championship, each having 27 games  
played and 40 points.

## SCOTTISH CUP.

Hamilton Academicals accounted for  
Motherwell, and the semi-final is therefore  
Celtic v. Aberdeen and Hamilton-Academi-  
cals v. Dundee.

## RUGBY.

Wabsons are taking risks, but they  
appear to have a changed existence. They  
went through to Glasgow with several sub-  
stitutes, and had a stiff fight of it before  
they mastered West of Scotland. Cluden-  
dale were unlucky to be defeated by  
Hornet; they had most of the game, but  
could not get behind. Quite unexpectedly,  
Edinburgh Academicals beat Edinburgh  
University; they scored first, they scored  
last, and although between these incidents  
they were often in difficulties, their sound  
marking and strenuous tackling saved the  
goals. The game was remarkable for the  
large amount of handling and running by  
the students and the poor results achieved.  
Institution were 10 points to the good in a  
forwards' game with Stewart's. R.H.S.  
had a stiff journey with Edinburgh Wan-  
derers, and came out on top with 13 points  
to 8.

In mid-week matches, Queen's Uni-  
versity, Belfast, lost to Edinburgh University  
by 13 points to 0, and drew with Glasgow  
University, 3 points each.

## A SOUTH AFRICAN SCOT?

Steyn, the South African Rhodes Scholar  
and Oxford three-quarter played for the  
London Scottish against Blackheath on  
Saturday, with Buchanan as his partner.  
This is construed as indicating that he may  
be one of the Scottish three-quarters with  
Buchanan against England. Steyn's quali-  
fication for Scotland is doubtful, but is  
nevertheless more satisfactory than the  
qualification of men who have played for  
other countries. He is Dutch on his  
father's side, and Scottish on his mother's.  
His sympathies are strongly Scottish, and  
if one may so put it, anti-English; he is  
the only one of the home countries for  
whom he thinks he is qualified to play, and  
for whom indeed he cares to play.

## REPORTED DISAFFECTION

AMONGST CHINESE IN SAIGON.

It is reported in the native papers that  
recently there have been more stringent  
municipal regulations applied to the Chinese  
in Saigon. The consequence is that em-  
igrants of the revolutionary party are  
moving about in considerable numbers  
stirring up the people, and urging them to  
hand together against the Government.  
From the report before us it appears that  
the disaffected persons are not eager to in-  
terfere with the French Government, as of  
course they know that nothing but trouble  
would ensue from such an insane attempt.  
Their argument is that the Chinese Govern-  
ment is quite unable to negotiate with for-  
eign Governments and afford assistance to  
their own patriots whenever they happen  
to emigrate, and therefore such a Govern-  
ment is not worthy of assistance and should  
be overthrown. What real basis there may  
be in the report is difficult to discover. Any-  
way some mischief may be written to Cap-  
tain pointing out the condition of affairs, and  
have further reference that nothing be  
done to prevent the revolutionists from stir-  
ring up the common people and unhinging  
their minds to no purpose.

has been attained, for the numbers of the Corps still continue to decrease, we believe. Yet there must be hundreds of young men in Hongkong who should make splendid material for Volunteers could they but be induced to join the auxiliary force. A visit to the various playing fields of the Colony and a glance at the many athletic clubs which flourish in our midst will soon convince even the most casual observer that as a rule the youth of Hongkong are not slackers where the pursuit of sport is concerned. They are as keen as mustard in the various pastimes which they pursue in their scanty leisure time, so it is not for this reason that Volunteering fails to attract. Of course we know that the general popular tendency of the times is not in favour of Volunteering like it was a couple of decades ago. Men's minds seem to have been diverted into other channels of thought and they work off their superabundant activity along different lines of exhaustion. This is not only the case with Hongkong. In the old country the tendency is the same, where it is said to arise entirely from the predominant habit of democracy to go foot-free and entirely unhampered by restraints of any kind. Most democracies we know grow at any form of restriction implied by submission to discipline enforced by authority, but the distaste for Volunteering arises from deeper seated motives than that, the fatal propensity to shirk, or to place on other's shoulders, the burden of the public defence. For the time being, at any rate, the average man does not feel called upon by any patriotic impulse to make himself what our military leaders call efficient. He sees no necessity for such a step, and of course he absolutely refuses to be driven to it. Altogether we fear that Lieut. Col. CHAPMAN's appeal will fall on deaf ears at present. It will need the pressure of grim necessity, the approach of some imminent danger to send the youthful manhood of the Colony flocking to the Volunteer headquarters, no matter how eloquently worded or how cogently reasoned may be the appeal made by those in authority. It is a pitiful confession to make in such a Colony as this, but such is the situation and we may as well recognise it for surely the facts are now patent to everybody who cares at all to consider the subject.

## NEWS OF THE DAY.

The Harpenn (Larger) Rubber Company, Limited, pay a final dividend of 30 per cent, making a total of 65 per cent for the year.

The Lord Mayor of London, in response to a letter signed by Lord Strathcona has agreed to convene a meeting at the Guildhall in furtherance of the peace movement.

A billiard tournament is being arranged to take place in connection with the Chinese Y.M.C.A. during the latter part of April. It is expected to play the challenge game with the European Y.M.C.A. in a short time. The team is now being selected.

The report of the Advisory Committee for the Tropical Diseases Research Fund has been issued as a Blue Book. The report is prefaced by a memorandum signed by Sir J. West Ridgeway, the chairman, who states that the revenue of The Tropical Diseases Research Fund for the year was £2,245, made up of contributions from the Imperial Government, £1,000, and others, including Ceylon, £100; Straits Settlements, £100; Federated Malay States, £100; and the Government of Hongkong, £100. The expenditure amounted to £2,255, and it was necessary to draw upon the accumulated balance.

A verdict of suicide whilst temporarily insane was returned at an inquest held at Stepney last month, on the body of William Allen O'Neill, aged fifty-five, of King's Cross, described as a shorthand writer, whose body was recovered from the Thames on a Sunday of the Tunnel-Fire at Wapping. Mr. Stegway Dunn, of the retired Civil Service, stated that O'Neill some years ago had told him that he was a bankrupt. About a year ago he went to China, and returned early this year. At times he seemed very depressed. On his clothes were found several shrapnel-like for which he had been in China, and a card on which was printed "W. L. O'Neill, Private Secretary" to the Military Governor, Havana, Cuba.

## BETTER THAN A PLASTER.

For pains in the side or chest, a plaster of plaster is a most effective remedy. It is a most effective remedy for all kinds of pains, and is a most effective remedy for all kinds of pains.

## NEWS OF THE DAY.

We have been asked to state that Mr. W. Pringle, Jr. is now the owner of the paddock that recently belonged to Mr. Chase Ridgeway.

One hundred and fifty tons of opium, valued at about 10,000, and stored in barrels of cement were seized on the Tatro during her last visit to Manila.

As we go to press the annual meeting of the Hongkong branch of the China Association is being held at the City Hall. A full report will appear in our issue to-morrow afternoon.

The old Clock Tower is putting on its best garb now that its abolition is again being advocated. Workmen are busy brightening up its granite base. Soon we shall hardly recognise "our old friend."

The granite monogram "E. R." above the entrance to the new Post Office is being removed by workmen in order that the letters "G. R." may be substituted. It is hoped to complete the building before the next change of reign.

A Christiania telegram states that the Norwegian explorer Amundsen has landed at Cape Adare, near the North Pole. Commander South arrived there a little later, and much interest has been aroused, as it is anticipated that there will be a race to the South Pole. A Japanese expedition is also making towards the Pole.

In the presence of a large congregation Mr. Dennis Fuller, F.R.C.O., gave much appreciated organ recital in St. John's Cathedral last evening. The programme was well chosen and the work of the organist attained the high standard of excellence which one always associates with Mr. Fuller's playing. The Good Friday Music from Wagner's Parsifal and the Impression "La Nuit" (Karg-Elert) were the gems of the programme. Mr. Timmer-scheidt contributed two violin solos in first-class style.

A company of Engineer Volunteers is being formed in Colombo. The movement owes its origin to Sir Henry McCallum, who first mentioned his intention to form such a corps at the Volunteer Camp in 1908.

The project has the hearty approval of the Royal Engineers Staff in Colombo, who think that a Volunteer company would be of real service, especially in search-light work. A search-light is now being erected in the north-west breakwater, and another will be fixed on the northern pier, while a third will very probably be fixed on the island breakwater.

A book by Field Marshal Earl Roberts entitled "Fallacies and Facts" has been published, in which Lord Roberts controverts the arguments against compulsory service contained in General Sir Ian Hamilton's book and Viscount Haldane's introduction to that work. Lord Roberts insists that a fortnight's training yearly for the Territorials would not give, in fifty years, the stability of discipline required in modern war. The irreducible minimum, he contends, is from four to six months' continuous training as a climax to years of cadet training. "It was because we had no military power with which to follow up Trafalgar that we were bartered with the expense of ten more years of war," affirms Lord Roberts.

The beautiful grounds of "Unkaza," Shanghai, now the property of Mr. E. H. Hogg, are soon to become the property of St. John's University, which is located on an adjoining property. "Unkaza" is one of the most beautiful gardens in the Far East, as Shanghai Times says, and has been brought into its present fine condition through the unremitting care of Mr. Hogg, who has lived there for about forty years. The addition of this property to St. John's University will give this important institution opportunity for growth and development which it has greatly needed for many years. St. John's University is, in many respects, one of the most influential schools established by missionaries in China, and its growth to the present proportions has been a matter of pride to Shanghai residents. The University is heartily to be congratulated on this extension of its property.

Says the Straits Echo:—There is a man at Taiping who would like to meet for two minutes. We'd try to make his seat in the temple an uncomfortable one. He wrote complaining to our Managing Director that the Editor had not published a letter he sent, and insisted on its going in. He is, obviously, an ignorant fellow, or he would know that before an editor a managing director is a mere worm. The editor's decision is final, and this Taiping rabbit may cease squeaking.

While H.M.S. Prometheus was in Norfolk Bay recently for the purpose of carrying out firing practice, two of her officers had a very uncomfortable experience. Lieut. Handley and Assistant Paymaster Bryson were away in a boat under full sail when the boat capsized, and they were forced to swim half a mile in shark-infested waters to get ashore. Their accident was observed from the ship and a boat sent for them. On the way to their assistance the cutter was several times bumped by sharks, which shows that the escape of the two officers was providential.

The following new rule has been made by the Governor-in-Council, Singapore, under the Quarantine and Prevention of Disease Ordinance:—The master of a vessel which shall bring any dog to a port of the Colony to be landed at such port shall on arrival of the ship in port forthwith report the fact to the boarding officer, who shall without delay report the same to the veterinary officer and the master shall not permit any dog to be landed from his vessel until he has personally satisfied himself that the veterinary officer has granted a permit for the landing of the dog.

## ANOTHER CLAIM FOR ACCOUNTS.

Kwok So sued Cheung Tsung Chi and others, at the Supreme Court this afternoon, before the Chief Justice, Sir Francis Pigott, as executor of the will of Cheung Hoi, deceased, for an account of the shares of the deceased in the business of the Shun Kee firm, otherwise Robert Jack and Co., and for the appointment of a receiver of the business and costs.

The statement of claim set out that the Shun Kee firm, otherwise Robert Jack and Co., carried on a business of "depositories, compradors" and coal merchants at No. 41, Connaught Road Central, and that the business was now in the hands of a receiver and was in the process of being wound up. Three of the deceased partners had each large shares in the business amounting to \$7,000, \$3,000 and \$3,000, respectively, while a man named Hop Shing Tong had shares of \$1,000. Since the death of Cheung Hoi the first defendant had managed the business and made considerable profits and was interested in several other firms and properties. The first defendant had disposed of the greater portion of the profits and converted them to his own use and had not properly accounted for them to any of the plaintiffs. He had further sold or destroyed the books of the firm for the years 1893 to 1903 and had from time to time issued false balance sheets to the plaintiffs with a view to concealing the monies of the firm which he had converted to his own use. Plaintiff claimed for an account of the shares of the plaintiffs represented in the business, payment of all such monies as may be found due to plaintiffs on the taking of such accounts, costs and further and other relief.

The defence stated that defendant admitted that since January 3, 1900, he had been the manager of the defendant firm and that he was the sole surviving partner. He denied that the firm had made large or any profits and if any profits had been made the same had been lost. Defendant admitted that in 1907 the books for the years 1893 to 1903 had been destroyed but denied that they were destroyed for the purpose of concealing the contents thereof or for any improper purpose whatsoever. Defendant further stated that up to the end of 1900, complete balance sheets showing the profits and loss on trading operations of the firm as shown in the books had been furnished to the three plaintiffs and to the representative of Hop Shing Tong and that the plaintiffs and representative had accepted and agreed to them.

Mr. W. W. Shinde, K.C., appeared for plaintiff, instructed by Mr. P. W. Golding, from the office of Messrs Golding and Barclay.

Mr. Shinde said that a statement of claim had been filed and a statement of defence had been filed and that the court had ordered that the first defendant should be struck out of the suit for non-compliance with the order of the court. The first defendant had absconded in default of finding security. The claim was for partnership accounts and the various plaintiffs were representatives of deceased partners. Judgment was given for plaintiff.

## Presentation of the King's Medal.

A most interesting ceremony was performed in the Central Police Station this afternoon, namely the presentation of the King's medal for long and meritorious service to Chief Detective Inspector Hanson, who has had a lengthy and honourable career in the Force. The ceremony was performed by His Excellency the Governor (Sir Frederick Lugard) in the presence of a representative assembly of the Force, who turned out on parade in honour of the event. There were altogether 154 members of the Force on parade, comprising 21 Europeans, 70 Chinese and 63 Indians. Capt. F. W. Lyons, Acting Superintendent of Police, was in charge, and Mr. P. J. Volehouse, Deputy Superintendent of Police, was also present in his official capacity. Capt. Chapman of the Hongkong Volunteers and His Worship Mr. E. R. Hallifax were interested spectators.

On the arrival of His Excellency, who was accompanied by Capt. P. Mitchell Taylor, the Force came to the general salute, and His Excellency then inspected the men on parade, who subsequently formed into a hollow square for the presentation ceremony.

Chief Detective Inspector Hanson, who was wearing the Police Medal and the Plaque Medal, was then summoned to the front, and was addressed by His Excellency in the following words:—Inspector Hanson, it gives me the greatest possible pleasure to present to you, by order of His Majesty the King, the King's Medal for long and meritorious service, in this Colony. For more than half the time this Colony has been in existence you have been one of the able and efficient men in the Police Force here and out of that time for 13 years you have been Chief of the Detective Department. I am sure that there is no one in the Force who better deserves the honour, and I have now pleasure in pinning the medal on your breast.

His Excellency then pinned the medal on, and Chief Detective Inspector Hanson, in acknowledging the honour, said:—"I thank your Excellency. God save the King."

The medal is of silver and of extremely artistic design. On one side is the head of King George V, while on the reverse is a representation of an old Roman wall, with a watchman occupying a prominent position, supporting a shield on which are the words:—"To Guard my People." On the milling is the following inscription:—"John W. Hanson, Chief Detective Inspector, Hongkong Police."

Prior to the conclusion of the ceremony, His Excellency addressed a few words to the European members of the Force, exhorting them to emulate their Chief Detective Inspector's example. Turning to the recipient, His Excellency expressed the hope that he would live long to continue winning the honourable distinction.

DISTRICT WATCHMAN COMPLIMENTED.

At the conclusion of the presentation to Mr. Hanson, District Watchman No. 101 was publicly complimented by His Excellency for his exemplary conduct at the recent affair in Des Voeux Road, when a mad Chinaman ran amok.

The District Watchman, a Chinese, was called forward, and through Mr. Volehouse, who acted as interpreter, His Excellency addressed him as follows:—"I have heard with pleasure of your action the other day in endeavouring to arrest that man. At the risk of your own life and after being hit three times with a chopper you still hung on and did your best to arrest him. The Government is always very glad to hear of and recognise courageous acts of that kind. If you would like to enlist in the Police Force I will speak to the Captain Superintendent of Police to secure you early promotion."

The application was granted.

## APPEAL TO THE PRIVY COUNCIL.

Refused in Hongkong but granted in London.

Messrs Goldring and Barlow, solicitors for the plaintiff, in the recent action by Tang Wong Shi against Lai Chi Chiu, received a telegram to-day stating that plaintiff had obtained leave to appeal to the Privy Council in London. It will be remembered that leave to appeal to the Privy Council was recently refused by the Chief Justice, Sir Francis Pigott, at the Supreme Court, Hongkong.

Messrs Brimble and Hett are the solicitors for the defendant.

## CLAIM FOR MONEY LENT.

Before the Chief Justice, Sir Francis Pigott, at the Supreme Court this afternoon, Lau Po Tsun sued Cheung In Kan, to recover the sum of \$3,000 money lent and in the alternative for \$2,000 due on a promissory note made by defendant on February 1, 1908, and given by defendant as security for the money lent and which note on being presented for payment was dishonoured. Plaintiff also claimed interest at the rate of nine per cent.

The statement of claim set out that plaintiff was one of the executors of Lau Chin Ting, deceased, who died on October 3, 1907, leaving a will of which probate was granted to the executors named therein on November 18, 1907. On January 30, 1908, deceased, sent to defendant and others \$88,500 on the security, inter alia, of a mortgage given by defendant on property of the defendant known and registered as the remaining portion of section 11 of Inland lot No. 18 and Inland lot No. 1233. On February 1, 1908, \$27,100, being then due on the mortgage and payable to defendant, plaintiff and the other association, was assigned to the plaintiff in consideration of the sum of \$34,500 paid to the executors, in cash, and of a mortgage for \$9,000 on other property of the defendant and a promissory note for \$3,000 given by defendant to plaintiff. Defendant had paid interest to the amount of \$405.

Mr. M. W. Slade, K.C., instructed by Mr. Neesham, appeared for plaintiff.

Mr. Slade said that the case came on as a claim for money lent and as a claim for interest. The claim was on a promissory note given by plaintiff to defendant as executor of the deceased person in settlement of certain indebtedness by defendant to deceased. He proposed to put plaintiff in the witness box and he would produce the notes.

Judgment was given for plaintiff.

## THE HONGKONG BUTCHERY CASE.

At the Supreme Court this afternoon, before the Chief Justice, Sir Francis Pigott, the case was continued in which John Tsan, runner of the King Edward Hotel, sued Frederick Howell, chief bailiff of the Supreme Court, to recover \$30,000 for money had and received by defendant during the course of the business of the Hongkong Butchery and an account of the receipts and disbursements and for such further and other relief as may be just.

Mr. M. W. Slade, K.C., was for plaintiff, instructed by Mr. J. H. Gardner, and Mr. Eldon Peter defended, instructed by Mr. C. E. H. Bovis.

Mr. Peter said that if his Lordship looked at the statement of claim he would see that plaintiff had not given evidence in support of it. Plaintiff had kept certain accounts which it was necessary to keep until the Chinaman took over the business. Plaintiff was the hand who received the money and who paid it over to Mr. Howell and the latter was alleged to have paid it into the bank. These accounts were systematically kept to the beginning of January, 1897, so that it was inaccurate when plaintiff said Mr. Howell had sole charge of the business. As regards the point that defendant represented the business to be in a bad way, that was a direct charge of fraud. There was no evidence before the court to support the allegation.

His Lordship—That is the evidence for which I asked the accountant to appear.

Mr. Peter said that up to the present plaintiff had not been able to give any evidence on the allegation. What evidence was there to support the allegation that defendant owed him \$1,453?

His Lordship—There is the evidence that the books were not kept intelligently. Mr. Peter—I will assume that the books were extremely badly kept, but that is not evidence to prove to any court that defendant was guilty of fraud.

His Lordship—If a thing is not true it is fraudulent.

Mr. Peter—Oh no. It may be untrue and to be removed from fraud in the North Pole is from the South Pole.

Proceeding, Mr. Peter said the books were admittedly kept by an accountant paid by the firm and who was under the control of plaintiff and who could be dismissed by him at any time.

His Lordship—That is going a long way.

Mr. Peter—Oh no. The man who was the accountant is now dead. That is one of the results of bringing stale cases.

His Lordship—That is all argument after the case.

Mr. Peter—But there is no evidence.

His Lordship—There is a case which might establish a case of fraud sufficient to go to a jury.

Mr. Peter—It must come to this, that there is evidence of fraud and fraudulently representing that the business was in a bad way and that if Mr. Howell did not answer to case he was guilty of fraud.

His Lordship—There is sufficient evidence to go to a jury.

Mr. Peter—It can only mean what I say.

His Lordship—That is all argument after the case.

## TROUBLE WITH SHIP'S CREW.

## The "Breaking Out" Habit.

Matthew Patterson, George Browne, James Duke and Tyndero Vanderwulden, of the s.s. Empress of China, appeared before Commander C. W. Beckwith, R.N., at the Marine Court this morning, charged with assaulting themselves from duty.

Arthur A. Cooper, Chief Officer, stated that the practice of "breaking out" while in Hongkong was getting too common.

His Worship sentenced prisoners to one month's imprisonment with hard labour, each to be released on demand from the master before the ship left, with the exception of defendant Duke as his Worship thought that as he had been sick through his excess he had had sufficient punishment. Defendant was ordered to go on board his ship at once.

## INTERPORT POLO.

## Manila Defeats Hongkong.

Some very excellent horsemanship was witnessed in the polo tournament which was commenced at Causeway Bay on Tuesday afternoon, between Manila and Hongkong, the former team having arrived on Saturday. The encounter drew a large attendance, amongst those present being His Excellency Sir Frederick and Lady Lugard, H.S.H. Prince Leichenstein, His Excellency Major-General Anderson, Captain P. M. Taylor, a D.C.O. to His Excellency the Governor and Captain Simson, Private Secretary, and many others. Manila appeared to hang back at the commencement of the game but towards the finish they put on a dash which completely outclassed their opponents, although Manila were unused to China ponies, and won a good game by five goals to three.

The teams were—Hongkong—Commander Lambie, Captain Hughes, Mr. J. J. Johnstone, and Captain Brerley. Manila—Mr. A. Bowditch, Captain Mitchell, Mr. P. Macdonald, and Lieut. Morgette.

Captain Agg was the referee with Lieut. Sullivan and Bradley, goal judges, Lieut. Aston, time-keeper, and Lieut. Thorpe, bell-ringer. The game was played under American rules, there being no off-side play.

Led by Johnstone, Hongkong in the first chukka completely outscored Manila who had their hands full in keeping up to the fast pace of the home team. The first goal came through Hughes from a pass by Brerley and not long afterwards Johnstone put through another goal which gave Hongkong a lead of two goals.

Matters assumed a different aspect with the opening of the second chukka, for the strangers having got more into the stride, got possession of the ball though they were unable to recover. Attempts at goal were not wanting on the part of the home team but Lambie's efforts went "ajda." At the conclusion of the chukka no change was recorded.

Hongkong again led the pace in the subsequent meeting and both Lambie and Johnstone got in some excellent work. Riding hard Lambie lifted the ball almost from halfway line but the home team were nonplussed ere they could reach the ball and follow up their opportunity.

Manila then put on extra dash and shortly afterwards Bowditch obtained their first goal. Both teams were now riding for all they were worth and it certainly looked as if Johnstone would increase the margin but luck was not with him and his efforts were frustrated. The score was then two goals to one in favour of Hongkong.

The fourth chukka was none the less interesting and the pace was as fast as ever. This chukka was noticeable for the number of misses by both teams. However, Johnstone, who had played an excellent game throughout, made good use of his advantage and succeeded in putting Hongkong further ahead, but as it afterwards proved, this was the last goal they obtained during the remainder of the game. Manila bore down on the goal again with much aggressiveness and Bowditch concluded a fine run with a long shot which, however, rolled outside the goal after having struck the upright. Hongkong was then two goals ahead and as the game had been going it looked as if they would eventually come out winners somewhat easily.

Manila smartly handled their ponies from now onwards and were combining well together which was a great advantage. Brerley attempted to drive the ball but his efforts were of no avail and while Johnstone was playing well he could not break down the combination of his opponents with the result that Manila obtained their second goal.

In the final chukka the visitors were all over the Hongkong riders and one goal after another was registered in their favour in rapid succession. Manila rode finely and were quite up to the high standard set by Hongkong at the commencement of the game and eventually ran out winners to the tune of five goals to three. The game was well contested and Manila deserved their splendid win. They were accorded an ovation as they rode to the grandstand while the losing team raised three hearty cheers for their victors.

The return match is to be played on Thursday.

## SPORTING.

## Lawn Tennis.

HONGKONG C. C. TOURNAMENT.

A number of ties were played off last evening, the most interesting being that between the brothers Hancock in the second round of the championship singles, which was watched by a very big crowd of spectators. Below we give results:—

CHAMPIONSHIP SINGLES.

The fortune or misfortune of the draw brought H. Hancock and R. Hallifax face to face in the second round, the former having secured his position through a bye, while the latter had previously disposed of E. R. Hallifax. It was generally thought that the elder of the pair—"Dick" Hancock—would win and popular expectations were realised, for he secured entrance into Round 3 by three sets to one and 23 games to 16.

At the start the prospects of the ultimate winner did not appear any too bright, inasmuch as by the end of the fifth game he had only registered one, "Harry"

making a notably few mistakes and his brother frequently finding the net. Then a change came over the game, the elder man steadying himself and playing a safe game. Thus he got four games in succession and took the lead when the ninth was finished. "Dick" was now going strong, having won the ninth without allowing his brother to register a point. Deuce was called in the tenth game and a couple of points would have given the set to the leader, but two faulty strokes gave the verdict to "Harry," and "games all" was called. The elder man lost his service in the next but again recovered in the twelfth, when the score stood at "8 all." Playing strongly, the favourite got the next two, the last being a love game, and thus secured the set by 8-4.

In the second set "one all" was declared, and then "Dick" walked away from his opponent and was soon leading by 5/1, "Harry" scoring very few points. However, the latterman was still "game" and after five deuces had been called in the seventh game he was with a pretty cut. Following up this with a love game he was only two behind at the finish of the eighth, but the elder man got home in the next after some fine rallies, and thus won by 6/3.

Two sets to the lead, the younger brother now warmed up and looked like giving his opponent a run for his money. By securing all-round play he walked away with the first three games, and then the other man got one. In each of the next two games "Dick" only scored a point, and the set was practically won by his brother when 5/1 was called. The elder man rallied a little and got two games in succession, but the set had gone too far for him to recover and his brother claimed the next game and with it the set at 6/3.

"Dick" led at the end of the third set by two sets to one and 17 games to 15, but though the score was so even it was seen that the leader was far fresher than his brother. The fourth set opened in favour of "Dick," who was taking it out of his brother by running him all over the court. He got the first three games, but lost the fourth after deuce had been called. The fifth game was productive of some first-class tennis, and it went to the leader who also got the next two and with them the set at 6/1.

The winner without doubt deserved his victory. His superiority was shown by his more powerful service, his capacity for covering the court with the minimum of exertion (an advantage due to his greater height) and his forceful drives on to the base line. On the other hand, the loser showed a commendable ability to pick up late shots and also displayed great resources in his back-hand strokes. The winner is strongly fancied as this year's champion, though he will probably have to fight hard for it, as Lieut. Day, K.O.Y.L.T., is a favourite in some quarters. That the latter is regarded as a strong player is evidenced by his handicap of minus 40 in the "A" class singles.

First Round—C. Wilken beat R. D. Stewart 4/5, 6/1, 3/6, 6/4, 6/1.

Second Round—E. R. Hallifax (over 30, best L. to Breton (over 15/4), 6/1, 6/4.

Second Round—A. P. H. Rougette, R.N. (over 10) beat H. Murray Bain (over 15) 6/1, 7/6.

PROFESSIONAL PAIRS.

Second Round—R. J. Saunders and C. T. How (Telegraph) beat Col. Stacquo and Capt. Addison (Army) 6/2, 6/3.

ARRANGED TIES.

There are a good number of ties down for decision this evening, and the following will be played off to-morrow (Thursday):—

Capt. Addison v. C. B. Ross in the Championship Singles (second round); C. Wilken and E. R. Hallifax v. Dr. Aubrey and A. C. E. Florough in the "A" class Doubles (second round).

### Hongkong Tides.

The tide table given below has been compiled at the Nautical Almanac Office in London from the result of the analysis of observations taken by means of an automatic tide-recording machine in the Water Police Basin at Tsing Sha Tsui during the years 1887-8-9.

The zero of the table corresponds with the zero of the soundings in the Admiralty Charts which has been found to be 4 feet 3 inches below mean sea level.

To obtain the depth of water on the tide gauge at the Victoria Naval Yard add 3 feet 4 inches, and on the gauge at Lamont Dock, Aberdeen, add 10 feet 6 inches to the height given in the table.
